BE-50 series

HIGHLIGHTS

- Professional stereo microscopes for extra long working distance
- Interchangeable magnifications from 2.5x up to 40x
- Overhanging stand
- Large working area
- LED illumination
- Ideal for jewelers
- 5 years warranty

TECHNICAL SPECIFICATIONS

EYEPIECE(S)
Pair WF 10x/20 mm

HEAD
Binocular 45° inclined tube. Interpupillary distance adjustable between 55 and 75 mm

STAND
Stable overhanging heavy base stand with pillar

FOCUSBING ADJUSTMENT
Coarse adjustment with tension control

ILLUMINATION
Incident 1 W LED illumination 44 cm on flexible arm. Intensity is adjustable

OBJECTIVES
- Comes with 0.5x fixed magnification objective, magnification 5x, field of view 40 mm. Working distance 250 mm
- Additional 1x fixed magnification objective available, magnification 10x, field of view 20 mm. Working distance 230 mm
- Additional 2x fixed magnification objective available, magnification 20x, field of view 10 mm. Working distance 119 mm

Other magnifications available with optional eyepieces up to 40x. All optics are anti-fungus treated and anti-reflection coated for maximum light throughput

PACKAGING
Supplied with power cord, dust cover, a spare fuse and user manual. All packed in a polystyrene box
